A BRIEF HISTORY OF ATIKOKAN

Important Dates, People and Events:

- 17 th Century The Ojibwa Indians were the first arrivals in the area.
- 1688 Jacques de Noyon, an explorer and voyageur, was the first white man who followed the route from the Kaministiqua River to Rainy Lake.
- 1731 Fur Trade Period brought much traffic to the Rainy River District.
- 1801 Fur brigades travelling through the heart of Atikokan Quetico area. Lake names were derived at this time.
- 1840's American rush for the West led Simon Dawson to construct an overland route between Windigoostiwan Lake and French Lake.
- 1870-71 Gold Discovery the Mine Centre area was located fifty miles from Atikokan. Start of mineral exploration. Gold discovery attracted many people.
- 1881 Dominion Government included Atikokan in the Manitoba boundary.
- 1889 Atikokan became part of the Ontario boundary again.
- 1899 The Canadian Northern Railway reached Steep Rock Lake. A townsite was laid out. Atikokan was founded. *Atikokan is the Ojibwa Indian word for "Caribou Bones".

Appearance of Atikokan's first permanent residents, Tom and Anna Rawn.

Atikokan Iron Mine - developing at the east end of Sapawe Lake.

- 1909 Quetico named in honour of Queticon, the Ojibwa spirit of exceptional beauty.
- 1920's Logging camps started up. Known as the logging era.
- 1934 Canadian Northern Railway became the Canadian National Railway.
- 1938 An iron ore deposit was discovered at the bottom of Steep Rock Lake.

<u>HISTORY OF ATIKOKAN</u> (Cont'd)

1939 Steep Rock Iron Mines was incorporated.

- 1942-43 Ontario-Minnesota Pulp & Paper Co. Ltd. and the Jim Mathieu LumberCompany began logging operations.
- 1944 Steep Rock Iron Mines Limited began construction of roads for a new townsite in Don Park.
- 1945 The Improvement District of Atikokan was formally established by an Order-In-Council.
- 1949 Caland Ore Company was formed.

An agreement was signed by the Improvement District with Northern Telephone Company. The telephone exchange was built and a complete phone system was established.

- 1950 The Atikokan General Hospital was opened.
- 1953 Atikokan was linked to Thunder Bay by Highway 11.
- 1954 The Municipality was incorporated into a Township.
- 1955 Another link with the outside world was established when cable television was introduced to Atikokan.
- 1956 The Township purchased the local power distribution system from Ontario Hydro.
- 1957 The Atikokan Township Police Department was formed.
- 1958 Quetico Centre was started by a group of business men.
- 1959 Caland Ore Company initiated its open pit mining operation.
- 1965 Highway 11, west to Fort Frances and Winnipeg was officially opened.
- 1966 The Atikokan Centennial Museum opening took place.
- 1967 Domtar entered into an operating agreement and assumed management responsibility for the Jim Mathieu Company Limited.
- 1968 The A.E.K. Bunnell Park was approved for development and recreation.

<u>HISTORY OF ATIKOKAN</u> (Cont'd)

- 1970 The Ministry of Northern Affairs opened a branch office in Atikokan. 1973 The Ontario Government announced that Quetico Provincial Park would be designated as a primitive park. 1974 The Atikokan Municipal Swimming Pool (indoor) was opened for operation. Atikokan celebrated its 75th Anniversary with many activities, including homecoming days. 1975 The new 25-bed Atikokan General Hospital was officially dedicated on December 12, 1975. The Atikokan Municipal Airport officially opened in October. 1976 The Atikokan Little Falls Community Centre was opened - curling, golfing, dining. The twenty million dollar particleboard plant of Pluswood Manufacturing Limited went into production. 1979 The Historical Park Museum officially opened August 15, 1979. The pellet plant at Steep Rock Iron Mines ceased operations August 31, 1979. The pit was officially closed February, 1979. 1980 Caland Ore Company closed the pellet plant in April. The pit had closed in November of 1979. 1981 Domtar was taken over by Buchanan Forest Products Inc. of Thunder Bay March 2, 1981. Name changed to Atikokan Forest Products Ltd. Official opening of Caland Manor October 17, 1981. This former Caland Guest House was donated to the Atikokan and District Association for the Mentally Retarded by Caland Ore Company as a residence and training facility for the handicapped. Construction of the Industrial Mall. 1981 Opening of Wittler Wood Products, a division of Hemiwood Ltd., and Tuff-Craft Products, a division of Better Deal Woodworking and Construction Ltd. Both businesses began operations in the
 - 5

Industrial Mall.

<u>HISTORY OF ATIKOKAN</u> (Cont'd)

1984

1982 April 16, 1982 - Official opening of Atikokan's Industrial Mall and the new Tourist Information Centre at the Junction of Hwy. 11 and 11B.

The Atikokan Riverbank Beautification project is undertaken.

Celebrations mark the Province's Bi-Centennial and Quetico Provincial Park's 75th Anniversary.

1985 The Atikokan Generating Station begins operation.

MAJOR ACTIVITIES IN ATIKOKAN

Since Steep Rock Iron Mines and Caland Ore Company ceased operations in 1979, forestry and tourism are now the two most important activities of the community. Mining has not totally disappeared as Steep Rock Iron Mines still owns a large low grade iron ore deposit at Bending Lake, forty miles northwest of Atikokan. Development of this ore body seems unlikely for the foreseeable future given the present demand for iron ore.

Three large companies are presently cutting pulpwood in the area: Great Lakes Forest Products, Atikokan Forest Products, and Pluswood Manufacturing Ltd. Atikokan Forest Products produces both lumber and wood chips at its Sapawe mill, twenty-five kilometers east of Atikokan. In 1976, Pluswood completed construction of a 370 cubic metre per day particleboard manufacturing mill located in the Township. This highly mechanized operation ships most of its produce to other locations for further upgrading while some finished wood panelling is sent directly to market.

Located in lake-laden scenic surroundings, the Atikokan-Quetico area attracts large numbers of tourists each year. Lying between the Township of Atikokan and the United States border is 1,800 square miles of unspoiled nature, known as Quetico Provincial Park. While an increased number of tourists enjoy the physical attractiveness of the area, more people are also using the services of local canoe outfitters, who specialize in providing gear and guided trips for the canoeists. Fishing and hunting are other popular activities in the area.

LOCATION

The Township of Atikokan is located in Northwestern Ontario, 126 miles (202 km) west of Thunder Bay 1,033 miles (1,661 km) west of Toronto 748 miles (1,202 km) west of Sudbury 804 miles (1,294 km) west of North Bay 1,035 miles (1,664 km) west of Ottawa 1,175 miles (1,890 km) west of Montreal 84 miles (136 km) east of Fort Frances 331 miles (533 km) east of Winnipeg 673 miles (1,083 km) east of Regina 1,170 miles (1,883 km) east of Calgary 1,870 miles (3,010 km) east of Vancouver 164 miles (263 km) north of U.S. International Border 323 miles (519 km) north of Minneapolis

The terrain of Atikokan is fairly rugged with the elevation being approximately 1,289 feet (392.9 m) in the downtown area. Differences occur in other areas.

LOCATION (Cont'd)

GEOLOGY

The Township of Atikokan, including Quetico, is located on the western edge of the huge geological formation that covers more than one half of the Province of Ontario, known as the Precambrian Shield. Pink and grey granites form 70% of the bedrock. On both sides of Highway 11, for several miles east and west of the Atikokan turnoff, occur less common gneisses and mica schists of sedimentary origin. At one time these formations were in horizontal layers, but volcanic action and glaciation have tilted them to a 45 degree angle. A narrow belt of greenstone extends for many miles in either direction from the town of Atikokan. These greenstones contain valuable minerals such as gold, silver, iron, copper, asbestos, zinc, lead, nickel, and talc.

The salient feature in the Atikokan District is the Steep Rock Iron Formation. This famous deposit contains layers of five different rock types; conglomerate, iron, limestone, dolomite, and paint rock. The ore body itself is comprised of geothite, hematite, quartz and "ash rock".

TOPOGRAPHY

Glaciation has been a major force in shaping the land, leaving behind a rugged landscape with thin soils, extensive areas of exposed bedrock, ridges and gullies. The soils are shallow and sandy, with a mixture of gravel and stones. Another result of glacial activity is the irregular drainage pattern revealing a maze of interconnecting lakes, rivers, ponds and streams that generally flow in an east-to-west direction. Through the years, mosses, lichens, shrubs and trees grew. The area now is one of much forest cover. These forests are predominantly boreal or northern in nature.

LOCAL GOVERNMENT

Community Profile: Atikokan February, 1987

LOCAL GOVERNMENT

TOWNSHIP OF ATIKOKAN

Atikokan was incorporated into a Township in 1954 and is governed by a Reeve, and six Councillors. The Reeve and the Council are nominated and elected by the total voting-age population. Elect-ions occur every two years, on the second Monday in November.

The Council is responsible for:

- 1. Municipal Taxation
- 2. Business Licensing
- 3. Township Roads and Airport
- Building Permits
 Fire and Police Protection
- 6. Public Works
- 7. Sanitation
- 8. Recreational Services
- 9. Planning and Development

FIRE PROTECTION

There is one fire station in Atikokan. The staff includes one full-time Fire Chief, sixteen part-time volunteer fire fighters, and six part-time officers.

The fire station itself is equipped with two Class A pumpers, one van, and various other equipment. The fire underwriting rate is Group I.

LAW ENFORCEMENT

The Atikokan Township Police restricts its operations to the Township of Atikokan, involving approximately 144 square miles. The staff includes the Police Chief, one sergeant, eight constables and one civilian (office). This force is responsible for general enforcement dealing in such areas as traffic control, domestic quarrels, etc.

The Ontario Provincial Police detachment in Atikokan is in charge of patrolling the area of Highway 11 from Huronian to Mine Centre. The force may also be called upon to assist the municipal police when the need arises.

Court resources are available in Atikokan and are quite extensive. Courts operating on a regular basis are the Provincial Court, the Criminal Division, the Family Division, the Juvenile and the Summary Conviction Court. On occasion other courts such as the Civil Matters Division and the Citizenship Court are available if required.

ANIMAL CONTROL

The animal control officer's position is part-time and includes the operation of the dogpound, catching loose dogs and destroying dogs not claimed by their owners. He is also responsible for the capture and destruction of skunks in the area.

COMMUNITY PLANNING AND INDUSTRIAL DEVELOPMENT

The <u>Atikokan Industrial Development (AID) Committee</u> was organized in 1973. The Committee, set up by the Atikokan Township Council, is of an ad hoc nature, involving about fifteen people from the community. Dennis Brown is the committee chairman.

ECONOMIC DEVELOPMENT OFFICE

An Economic Development Office, headed by the Economic Development Consultant, was originally established on October 1,1978. The Consultant is responsible to the Township Council.

This office has overall responsibility for developing and implementing an economic development program for Atikokan, and is the point of contact for related information and assistance.

R. E. (Bob) Michels Economic Development Consultant P.O. Box 218 Atikokan, Ontario POT 1C0 Phone: (807) 597-2757

TOURISM CO-ORDINATOR

.

Atikokan's Tourism Office was established on March 17,1980.

The Tourism Co-ordinator is responsible for promoting Atikokan as a tourist destination, developing new tourist related attractions and events, supervision of staff at the local Tourist Information Centre, expansion of the current tourism marketing program as well as local business promotion.

Dan Wright Tourism Co-ordinator Box 1716 Atikokan, Ontario POT 1CO

Phone: (807) 597-4235

<u>SECTION IV</u>

<u>SERVICES</u>

- A) COMMUNITY SERVICES
- B) UTILITIES AND POWER
- C) OTHERS
SERVICES

A. COMMUNITY SERVICES

CANADA EMPLOYMENT CENTRE

Employment and Immigration offers many services to employers and employees. The local centre provides information about employment opportunities locally, regionally and nationally assisting clients with:

- a) resume writing
- b) aptitude testing
- c) questions about new training programs
- d) U.I.C claims and questions
- e) Canadian Armed Forces entry
- f) mobility assistance

A full-time counsellor is available to answer questions about the above services.

The Office hours at the Canada Employment Centre are: Monday to Friday 8:15 am to noon 12:45 pm to 4:30

COMMUNITY CORRECTIONS WORKER - Probation and Parole Services

The Ministry of Correctional Services operates an office handling probation and parole cases in Atikokan.

Employees include the Community Corrections Worker, and one part-time secretary.

Probation orders are issued by the Court, and the terms and conditions of these orders are supervised by the officer. In cases where community service orders are included on the probation order, close liaison is maintained between the officer and local organizations.

There is a very close relationship maintained between this agency, the police department, Family and Children's Services, Family Counselling Services and the medical profession.

The present case load for Atikokan is between forty and fifty.

ATIKOKAN MENTAL HEALTH SERVICE - ATIKOKAN GENERAL HOSPITAL

Community Counselling Services is the Atikokan Mental Health Service which is administered locally by the Atikokan General Hospital, funded by the Department of Health. There is no direct charge for the service to the individuals or groups served. This program is an adult mental health service with a community based model. It is designed to provide:

| <u>Counselling Services:</u> | problem solving skills cognitive therapy family therapy marriage counselling crisis intervention help with stress-related problems (relaxation therapy, etc.) |
|------------------------------|--|
| Consultation and Assessment | - available to other agencies and groups |
| Opportunities for Education | - in the area of mental health |
| Advocacy, Rehabilitation | supportive therapy for those with a long-term disability |

Contribution to Research - Assistance in Community Organization

Referrals are made by agencies, doctors, police, ministers, business, as well as many self-referrals. The local office also assists with transfers made from mental health facilities and the Lakehead Psychiatric Hospital.

This program is staffed by two workers on a full-time basis, with a part-time secretary.

Appointment hours are generally arranged between 8:30 and 4:30 weekdays. However when it is not possible to have appointments during this time, evening appointments may be arranged. Since this is a community-based service, many home interviews are held.

All interviews are confidential.

FAMILY AND CHILDREN'S SERVICES

The Family and Children's Services (formerly known as the Children's Aid Society) with head office in Fort Frances is a very active service in Atikokan. It is a private corporation subsidized by the municipality and the provincial government with a mandate from the Child Welfare Act for children under sixteen years of age.

Employees include two social workers (one full-time and one part-time), and one parttime secretary. This staff is responsible for servicing Atikokan and the Seine River Reserve. All other reserves are served by the Fort Frances office.

The Family and Children's Services is an agency primarily involved in preventative work in the community. Their services include:

- counselling when children are involved
- acting as a Foster Care Agency when families are unable or incapable of taking care of their own children
- giving counsel during a teenage pregnancy to the girl involved, in order that she may plan for the child and herself, and to the family (if appropriate) and with the father (if appropriate).

The Agency works co-operatively with the Probation Office, Doctors, Police, and Community Counselling.

PUBLIC HEALTH

The aim of the Northwestern Health Unit is to provide a continuum of programs throughout the life cycle to promote, maintain and restore the optimum level of health to the communities served.

Each sub-office is staffed to maintain a high standard of community health with personnel qualified in their fields.

Services provided by this office include:

Child Health Care:

- pre-natal classes
- immunization and child health clinics

In addition to immunization, developmental screening tests and counselling regarding nutrition and other aspects of child health care are offered.

Public Health (Cont'd)

School Health Services:

- pre-school screening
- hearing, vision and scoliosis screening is done at intervals throughout the school years as well as requested by teachers or parents.
- immunization and T.B. skin tests as required.
- individual health counselling classes conducted on nutrition, family life or any health related subjects
- classroom inspection for scabies, pediculosis, etc.

Control of Communicable Diseases:

- monthly provincial chest clinics
- follow-up of contacts for tuberculosis and sexually transmitted diseases.

Program Objectives are diagnosis, treatment, supervision and control.

Home Visits by P.H.N.:

- made to all families with new babies
- available to anyone at request of individual, family member, friend, or other community agency.

<u>Dental Program</u>:

a general program of preventive dental education, particularly in the schools serves the public.

Sanitation:

supervision of water supplies, sewage, garbage disposal, food handling etc., is carried out regularly by the Health Inspector from Fort Frances.

Staff of Northwestern Health Unit (Atikokan):

| Nursing: | Mrs. Katherine Grayson R.N | |
|----------|----------------------------|--|
| | Mrs. Lorraine Repo P.H.N. | |

Clerk/Receptionist: Mrs. Annabell Moffatt

DISTRICT SOCIAL SERVICES

A staff member of the District Social Services based in Fort Frances visits Atikokan on a one day per week basis.

As of June, 1986 there were 68 cases reguiring Social Assistance.

MEDICAL FACILITIES

Atikokan's medical facilities adequately serve the community. On December 12, 1975, the new Atikokan General Hospital was officially dedicated and the move-in was completed in January of 1976. This fully accredited institution is well located in the community within a kilometre or two of the majority of the population.

Three doctors assisted by nurses, lab technicians, x-ray technicians, dieticians and many part-time workers, staff the hospital. Although there are no specialists established in Atikokan, specialists in many fields are available on a daily consulting basis from Thunder Bay and Winnipeg. The Atikokan Clinic is open to all citizens of the area, and an ambulance service is operated from the hospital.

A sixteen bed addition for long-term care went into service in May, 1986.

On August 18, 1980 a Home Care Program was established to aid patients needing medical attention at home. A registered nurse makes house calls to change dressings and to do a general check-up.

POSTAL SERVICES

The Township of Atikokan is served by one post office located in the downtown core. The office employs six full-time and one part-time worker. Hours are from Monday to Friday (8:30 to 5:00) Saturday (8:30 to noon). A parcel express based on weight up to thirty-five pounds is available for fourth class mail, and up to sixty-six pounds for first class mail.

Delivery to and from Atikokan is on a once-a-day basis. The deadline for outgoing mail is 5:15 pm.

Mail from all centres arrives in Atikokan once a day.

WASTE REMOVAL

Waste removal in Atikokan is done under contract. In residential areas of the community, the garbage is picked up on a once-a-week basis and for commercial customers, the garbage is picked up once weekly on Fridays.

The method of disposal is a sanitary land-fill site. A custodian supervises dumping at the site.

<u>Wastes Removal</u> (Cont'd)

The hours of operation are as follows:

<u>WINTER</u> (November 1 to April 15 inclusive)

| Monday to Friday | 2:00 pm to 6:00 pm | |
|------------------|---------------------|--|
| Saturdays | 10:00 am to 6:00 pm | |
| Sundays | 2:00 pm to 6:00 pm | |

<u>SUMMER</u> (April 16 to October 31 inclusive)

| Monday to Friday | 2:00 | pm | to | 8:00 | pm |
|------------------|-------|----|----|------|----|
| Saturdays | 10:00 | | | | |
| Sundays | 2:00 | pm | to | 6:00 | pm |

Gates are locked at all other times.

÷.

UTILITIES AND POWER

WATER SUPPLY

Water in the Township is supplied by the Atikokan River System and is pumped from above Little Falls on the east side of town. Service is available to all areas except Highland Park. The system has a daily pumping capacity of 900 gallons per minute with three pumps operating. Most of the time only one pump is operating, with the other two in reserve to handle increased demand. Peak consumption usually occurs at noon and between 4 pm and 7 pm. Pressure is ninety pounds per square inch (90 lbs psi) at the pumphouse.

SEWAGE SYSTEM

The community is served by a modern sewage treatment plant located at Mackenzie Avenue and Rooney Street. It has been designed to intercept all existing septic tanks and send the effluent to the sewage treatment plant.

The system is capable of handling a population of 6,000. Top capacity is calculated at 6,500 plus.

The rate of flow per day is .9 million gallons, peak flow approaching 3 MGPD.

The plant is capable of handling a population increase of about 50 percent. Therefore, the system will be able to service almost 10,000 people with the addition of more settling tanks. The only by-product of the treatment process is a form of sludge used as a fertilizer.

TELEPHONE

The Bell Canada Telephone Company provides service to Atikokan. The Business Office in Thunder Bay handles all service requests and may be reached through a toll-free line.

Bell Canada maintains service to 1,496 residential customers, 326 business lines, and 23 private branch lines (PBX). There are also 31 coin operated public telephones, 1 Toll-Free (800) service line, and one charge-a-call line in Atikokan.

All service is direct-dial.

<u>Telephone</u> (Cont'd)

<u>Rates</u> Business Private Residential PBX Rates (Private Branch Exchange)

\$ 14.35 per month \$ 6.10 per month \$ 2.55 per telephone

Above rates do not include any set rental. Add \$2.55 ea. (residential), \$3.80 ea. for business for touch-tone service. (As per Bell Telephone August. 1986)

ELECTRICITY

Electrical energy for the Township of Atikokan is supplied by the Atikokan Hydro Electric Commission, a public utility that purchases power from the Ontario Hydro system and distributes it to customers in Atikokan.

Supply to the Municipality is at 44,000 volts, delta, for heavy industry and 8320/4800 volts, wye, for the rest of the Municipality.

Capacity of the system is 11,000 KVA and the present load is approximately 8,000 KW.

Available secondary voltages in the Municipality are 120/240 volt, single phase; 240 volt, 3 phase, 3 wire delta; 120/208 volt, 3 phase, 4 wire wye; and 600 volt, 3 phase, 3 wire delta.

Bottled Gas

Propane gas, bottled and bulk, is distributed through Sports In Motion in Atikokan.

| <u>Rates</u> (Same for residential | and commercial users) |
|------------------------------------|-----------------------|
| 100 lbs \$ 32.95 | 60 lbs \$ 24.95 |
| 40 lbs \$ 18.95 | 30 lbs \$ 14.95 |
| 20 lbs \$ 9.50 | 10 lbs \$ 5.75 |

Automotive propane is also available at a cost of \$.34 a litre

Wood

Some residents supplement their heating costs with wood. Most residents use wood primarily for fireplaces and cottages.

HOUSING

OTHER SERVICES

Residential development in the Township of Atikokan has occurred in stages from the downtown core to Don Park, Lone Pine, Dunbar Heights to Hillcrest.

| | HOUSING SUPP | ĽY |
|--------------|--------------|-------|
| Houses | | 1,633 |
| Apartments | | 126 |
| Mobile Homes | and Lots | 97 |

The majority of dwellings in Atikokan (88%) are single family residences, while few (6%) are apartment units.

Conventional apartments other than CMHC and Senior Citizen complexes are non-existent in Atikokan. The fifteen units which are located outside of the government-assisted units, consist of suites in private homes or above stores in the downtown area.

There are very few vacant lots for new home construction. Housing units are available through local Real Estate agencies and private sellers.

| <u>Building Permits Issued - 1985</u> | |
|--|---|
| 1985 Single Family Residence Permits | 0 |
| Multiple Family Residence (apartments) | 1 |

HOUSING COSTS

| <u>Typical Units</u> | Area | <u>Price Range</u> |
|---|---------------------|----------------------------|
| 2 - 3 bedroom, no basement | Don Park Lone Pine | \$ 6,950-\$15,270-\$17,275 |
| 2 - 3 bedroom, with basement | Don Park, Lone Pine | \$ 18,000 - \$ 25,000 |
| Older 3 bedroom with basement (1950's) | Dunbar Heights | \$ 25,000 - \$ 40,000 |
| New 3 bedroom with basement | Hillcrest | \$ 45,000 - \$ 70,000 |

Included in housing are homes to rent, which are somewhat rare in Atikokan.

Prices for home rentals are usually in the \$300 - \$350 per month range for 3-bdrm. w/basement (20 yrs old); newer homes \$300 - \$350 per month as well.

APARTMENT RENTALS AND COSTS

| Housing Project | Description of Unit | <u>Rental_Rate</u> |
|---|--|-----------------------------|
| Senior Citizens * | 1-2 bedroom, kitchenette | Rent geared to income, 25% |
| | living-dining, bath, utilities included | of income |
| Canada Mortgage and Housing (Elmcrest Terrace) | 2,3,4- bedroom, living room, bath, kitchen, water included. Other utilities charged to tenant | min \$149 - max \$269 |

Cable in Atikokan is available for \$ 17.16 per month. Quality of the reception in the community broadcasting system is excellent.

<u>Radio</u>

The Canadian Broadcasting Company (CBC) broadcasts at 1490 AM and 90.1 FM, with CBQ from Thunder Bay giving regional coverage in the mornings and CBC Winnipeg during the rest of the day. CFAK Northwest Radio serves Atikokan from Fort Frances.

TRANSPORTATION

External transportation is provided by means of Highway 11, the CNR rail line and one of three air strips located in the area. Regularly scheduled bus, rail, or air transport is available to other northern centres while private car or chartered air service may be used for travel to other areas. The car is the chief mode of internal transportation in the community. No public transit system exists although two taxi companies offer 24 hour service.

Air Service

The Township of Atikokan is served by the Municipal Airport, located within 5 km of the town's core.

Runways:one - 100 ft x 3,500 ft; pavedAircraft Handled:NorOntair - passenger & freight, seven days a weekPrivate Flights - by local businessmen

FINANCIAL SERVICES

Financial services in Atikokan consist of three banks, each with one branch: The Canadian Imperial Bank of Commerce, The Royal Bank of Canada, and the Toronto-Dominion Bank.

EDUCATION

Educational institutions in Atikokan include three public schools: Hemlock School Rawn Road School Saturn School

St. Patrick's School is the only separate school in the area. Upper grades attend the Atikokan High School. Confederation College of Applied Arts and Technology (Thunder Bay) opened a branch of the college in Atikokan in 1980. Adult extension and general interest courses are offered by this institution. Lakehead University has night courses at the Atikokan High School. Government sponsored training courses are offered by the Canada Employment Centre.

Research facilities are available at the Atikokan Public Library, the High School Resource Centre and at other smaller libraries in the elementary schools.

<u>SECTION V</u>

ECONOMIC BASE

ECONOMIC BASE OF ATIKOKAN

Land Development

There are 132 square miles of land within the Atikokan boundaries, which is being developed under four general headings:

- industrial and commercial
- residential
- recreational
- conservational

A large percentage of this land remains in a natural state with Steep Rock Lake mining operations and the urban townsite being the major land users. Both of these are located in the northern half of the municipality. Recreational uses are generally located in conjunction with the river, although some parks are located in residential areas.

| <u>Land Use</u> | Residential | 55.3 % |
|-----------------|--|--------|
| | Heavy Industrial (excluding mining operations) | 0.6 % |
| | Recreational | 9.6 % |
| | Land in Natural State | 34.5 % |

Natural Resources

. . .

Atikokan's location in a vast wilderness with abundant natural resources has provided considerable wealth to the whole region. The important resources include furs, lumber, and mineral deposits. In addition, the attractiveness of the area attracts thousands of visitors every year.

The economy of Atikokan is closely linked to the success of these natural resources directly employing the majority of the work force.

Mining

Steep Rock Iron Mines Limited and Caland Ore Company ceased mining operations in 1979. Some potential mining properties still exist.

Listed below are past well-known mines prominent in Atikokan's history:

| Canadian Charleston Iron Mine | iron |
|-------------------------------|------------|
| Harold Lake Mine | gold, iron |
| Elizabeth Mine | old |
| Sapawe Mine | blop |
| Atikokan Iron Mine | iron |
| Tip Top Copper Mine | copper |
| Atiko Gold Mine | gold |
| | |

Forestry

Logging is an important part of the local economy. The district is divided into four management units. These are the Sapawe Crown Management Unit, the Boise Cascade Management Unit, Quetico Park Management Unit (which is unlicensed), and the Flanders Management Unit. Aside from Quetico Park, the units are managed on a sustained yield basis.

The wood from these management units goes to three companies. These are Boise Cascade Canada Limited, Atikokan Forests Products Limited, and Pluswood Manufacturing Limited, with their mills located in Fort Frances, Sapawe and Atikokan, respectively.

| <u>Wood Use</u> | Company & Location | Species of Trees |
|-----------------|--|---|
| Pulp and Paper | + Boise Cascade Canada operation, * wood goes to Fort Frances mill. | coniferous: jackpine black & white spruce, red & white pine, fir, tamarac, cedar, balsam |
| Lumber, timber | + Atikokan Forest Products mill at Sapawe | jackpine, spruce |
| | + Foothills timber sawmill at Caland | white pine |
| Wood Chips | + Atikokan Forest Products mill at Sapawe | slats from jackpine & spruce |
| Particle Board | + Pluswood Company mill in Atikokan | poplar and birch |

+ Individual operators cutting logs used for railroad ties in Thunder Bay.

* These species are very important economically.

The forest and its natural resources have many uses. Along with its important use in lumber, pulp and paper and particle board production, the forested lands are beneficial for fish, game and recreation.

<u>Agriculture</u>

While isolated farming communities do exist, on the whole the soils characteristic to Atikokan are too shallow, sandy and rocky to support most farming operations.

Fishing (Sport)

Of the nearly one hundred and thirty lakes in Quetico Park, five are so deep and so infertile that lake trout is the only fish specie supported. Sixty-seven lakes are deep enough to contain lake trout and have adequate areas for walleye, northern pike and bass. The remainder of the lakes contain only warm water species.

Presently, potential for commercial fishing is very limited. Whitefish harvesting has been considered, but the process would be too non-selective when using gill nets. One of the few commercialized fish species is the minnow, currently used as baitfish.

Common Lake Species

<u>Sport Fish</u> - lake trout, northern pike, small mouth bass, walleye

<u>Coarse Fish</u> - lake whitefish, lake herring, white sucker, yellow perch, rock bass, green sunfish

<u>Minnows</u> - shiners, bluntnose, Iowa darter, Johnny darter, log perch

There are seven species of sport fish, sixteen species of coarse fish and twenty-three species of minnows in the Atikokan area.

Trapping

There are approximately 103 trappers in the Atikokan area. The majority of these trappers are native Indians from the Lac La Croix Reserve, with the remainder living in the vicinity of Atikokan. These trappers work forty-six traplines. Only a small number of trappers (40), actually reside in the community.

Very few of the above trap on a full-time basis. While some trap and hunt for a hobby, most consider the work as a seasonal winter job.

The average annual income for trappers in this area is between \$3,000 and \$4,000.

| Types of Fur | Length of Season |
|----------------------|--|
| Beaver | October 15 - April 22 in the following year. |
| Otter | October 15 - April 22 in the following year. |
| Bobcat, Lynx, Wolver | October 25 - the last day of February in the following year. |
| Mink | October 15 - December 31 |

Trapping (Cont'd)

| Types of Fur | Length of Season |
|---|--|
| Muskrat | October 25 - May 21 of the following year. |
| Fisher, Marten | October 25 - the last day of February in the following year. |
| Coloured Fox (all phases of the "red" fox) | October 25 - the last day of February in the following year |
| Grey Fox, Red Squirrel, Weasel | October 25 - the last day of February in the following year. |
| Coyote, Timber Wolf, Skunk | No Closed Season. |

All trapping of beaver is on a quota basis, set by the Ministry of Natural Resources District Office. These fur bearers must be sealed or stamped before being sold by the trapper.

Tourism

Tourism makes a significant contribution to the economic growth of the community. With the decline of mining activity in the region, tourism is playing an even greater role in this area's economy.

The tourist sector has excellent prospects for growth particularly with the highway linkup between Atikokan and Ignace. This new road should encourage more travellers to Atikokan from Dryden, Ignace and Sioux Lookout.

Atikokan is situated in the heart of one of the northwest's most breathtaking and scenic vacationlands. Quetico Provincial Park, consisting of 1,800 square miles of unspoiled nature, lies between the Township of Atikokan and the international border of the United States. Crystal clear lakes, streams, and smooth rivers flowing past rugged cliffs are all part of its natural makeup. This modern well-planned community is fully equipped to serve the needs of the tourist and citizen alike. New tourist attractions development and community improvements are a top priority of the local Tourism Office.

Quetico's recreational potential can be enjoyed in many ways; activities such as canoeing, skiing, camping, fishing, snowshoeing, backpacking, swimming and nature photography attract many visitors to the campsites and waterways of this park's vast interior. An increasing number of visitors come to Quetico Park to use the services of the local canoe outfitters who specialize in providing gear and guided trips for the canoeists.

Tourism (Cont'd)

In addition to the wilderness of the park interior, there is an organized camping and recreation area at French Lake, called the Dawson Trail Campgrounds. Open lawns for picnics, playground equipment, excellent swimming and day use facilities makes this a popular vacation spot in summer months. Three interpretive trails, each about a half mile long, are located near the main campground road.

A new Information Pavilion opened in July, 1985. This impressive pyramid-shaped structure houses an indoor theatre, staff offices and displays related to the human and natural history of the park.

This area of Northwestern Ontario is a paradise for visitors, and a means of a steady and expanding source of renewable income.

Following is a list of the tourist accommodations and outfitters in the Atikokan Area.

SECTION VI

SOCIAL, RECREATIONAL AND CULTURAL ACTIVITIES

ATIKOKAN PUBLIC LIBRARY

The philosophy of the Atikokan Public Library is to provide the opportunity and the means to develop and promote the educational, recreational, vocational and sociocultural needs and interests of the community, on an individual and/or collective basis. Both print and non-print materials will be made available and accessible to the community.

The Library will obtain printed books, in fiction and non-fiction, talking books, films and photocopied material from other libraries across Canada or United States. The Inter Library Loans Service is one of the most vital services offered, in that, if material is not held in the library to satisfy the informational needs of the community, the Library Board and staff are obligated to request such information from other libraries. However, it is subject to inter-library loan policies of individual

A Shut-In Service is available to the physically handicapped through the provision of material best suited to the needs of the patron.

Large print books and paperback book collections are located at the Public Library as well as in senior housing complex.

The staff of the Atikokan Public Library will make visits to schools upon request with the understanding that such visits do not interfere with the daily operation of the Children's Department. Class visits to the Public Library can be arranged.

The Library implements, develops and maintains programs directed toward meeting the needs and interest of the community. It will provide individuals and organizations with materials to supplement their topics of lectures, workshops, etc. and will also compile bibliographies upon request.

Projectionist certification classes are offered upon request, although a minimum enrollment of 5 - 8 persons is required.

Photocopying services are available. Microfilm and microfiche reader are part of the equipment for public use.

ATIKOKAN CENTENNIAL MUSEUM AND HISTORICAL PARK

The museum is located in the Library/Museum building. Our Historical Park is located on Legion Point off Sykes Street, connected by a footbridge near the Museum building.

The function of the Museum is to collect, conserve and display artifacts relating to the Atikokan area. Exhibits are either travelling displays or museum owned. The museum also provides workshops, talks and other related activities. Tours of the Historical Park can be arranged by calling for an appointment. Souvenirs are also

The emphasis of our Museum is to enrich the cultural level of the community by broadening the scope of display material and programs.

QUETICO CENTRE

Quetico Centre is a residential continuing education centre engaged in shaping the future by helping people anticipate and respond constructively to change.

The main conference facility at Quetico Centre can accommodate up to 80 participants. Groups also have the opportunity to split up into small working groups using our break-away rooms.

Our lakeshore dining hall is set up cafeteria style, and offers wholesome, home-style meals that will please every member of your group.

The rooms are single occupancy with a few double rooms - all with a picturesque view of nature.

Pathways through the natural setting connect the buildings.

As well as a productive, creative learning environment, Quetico Centre offers excellent recreational facilities. Craft instruction is available for those groups who wish to try their hand at something different.

The Leisure Learning Centre, with all its benefits provides a comfortable atmosphere for relaxation and valuable informal discussion between participants.

You can achieve your conference or seminar objectives with ease.

PARKS & RECREATION

Local industry has given more than moral support to the program and this along with the enthusiasm and effort of service clubs and individuals created the beginning of a Parks and Recreation Program for the community. The function of this program is to serve the community with recreational interests. The facilities include an arena, two ball parks, indoor pool, tennis court, ski hill, outdoor rinks, serviced municipal campground, soccer field, track, cross-country ski trails, passive and active parks, pioneer centre.

Recreation Groups

| Arena | minor, high school, intermediate and old-timers hockey leagues; figure skating; ringette; broom ball; public skating |
|----------------|---|
